

Real Numbers :- $\sqrt{2}, \sqrt{3}, \sqrt{5}$ is irrational

Exercise 1.1 : 01 to 04

Polynomials :- 2.2 : 01, 02

Pair of Linear Equation : (3.2) 01, 02, 03 (i, ii, iv, v)
(3.3) 01, 02 (i, ii, iii).

Quadratic Equations :- 4.2 : 01, 03, 04, 05.

4.3 : 01, 02

Arithmetic Progressions :- 5.2 : 04, 06, 07, 08, 09,
013, 014, 016, 017, 018

5.3 : 01 (ii, iv),

03 (all parts)

04, 05, 06, 08, 09, 012, 013,
014

Triangles :- Basic Proportionality Theorem &
Converse Basic Proportionality Theorem.

6.2 :- 03, 04, 09, 010

6.3 :- 04, 05, 06, 010, 012, 013, 014, 016

Coordinate Geometry 7.1 :- 03, 07, 08, 09, 010

7.2 :- 04, 05, 07, 08, 09, 010

Introduction To Trigonometry :- 8.1 :- 08, 010.

8.2 :- 01 (full), 03.

8.3 :- 04 (i, ii, iv, vi, vii, viii)

Some Applications of Trig :- (9.1) :- 02, 04, 05, 07, 08,
010, 012, 015

Circles: 10.2: Q6, Q7, Q9, Q10, Q11, Q13

Areas Related to Circles: 11.1 (Q2, Q3, Q6, Q7, Q13).

Surface Area & Volume: 12.1 (Q3, Q5, Q6, Q8).

12.2 (Q1, Q3, Q5, Q6, Q7).

Statistics: 14.1: Q1, Q2, Q3 (all other questions are almost same).
So it's better to practice them as well.

14.2: Q2, Q1,

14.3: Q2, Q3, Q4.

Probability: Q3, Q5, Q7, Q8, Q10, Q13, Q14, Q15,
Q16, Q21, Q23
